**IV. Overview of San Francisco Unified School District's Multi-Tiered System of Supports for Early Intervention**

Staff reviewed previous presentations to committee regarding Help Me Grow and developmental screening that are informing strategy development in this area. Discussions included review of Help Me Grow framework components and current developmental screening activities in San Francisco.

Meenoo Yashar of SFUSD, Early Education Department Presented on their new approach for early intervention. She described (in a powerpoint):

- Quantitative information on the SFUSD Early Education System
- SFUSD Early Education Department developmental assessment activities and tools
- Experience and results of ASQ screening, impact of absenteeism
- Interventions and supports provided post screening
- Experience with vision and dental screening
- Three Response to Intervention Levels
- Multi-tier System of Support

Discussion:

The district is working to fully implement its vision of inclusion. Hope to provide support staff at specific school sites for children and be sure SFUSD practice supports kids at tier I and II. Commissioners requested additional information on identification and support of behavior and academic issues.

---

Staff summarized SFUSD presentation is last presentation of background information to support an expanded community engagement and planning process for Help Me Grow / developmental screening and service linkage strategy implementation.

Commissioners suggested equity issues be incorporated into planning discussions.

**V. Strategic Plan Update on Implementation of Quality Rating and Improvement System (QRIS)**

Staff presented information on the regional and local implementation of QRIS activities. An RFQ to identify consultants to assist with rating and technical assistance will be reviewed by Fiscal Committee. QRIS assessment reviews sites on 7 (5 for FCC) quality components. 600 sites need assessment regionally – 176 assessments have occurred under PFA. There is limited experience with FCC in QRIS.

QRIS over time shows quality mostly increasing over time. CLASS assessments – most tied to child outcomes – mostly showing increases overtime. However, staff turnover may explain why some sites show decreased quality upon follow-up assessment.

**VI. Discussion of preparations for approval of fy17-18 budget**

This item was deferred to a later meeting.

**VII. Program Committee Updates**

No update was presented.

**VIII. EXECUTIVE DIRECTOR UPDATE**

No report was presented.

**IX. ADJOURNMENT**

Meeting was adjourned at 1:58 pm.
